## Registration Form – Private Music Lessons

Private music instruction is offered at Ridley College in all musical disciplines wherever possible from the beginning level through the Associate Diploma of the Royal Conservatory of Music (Toronto). Qualified teachers are available for thirty-minute lessons (\$25.00) forty-five minute lessons (\$30.00) and sixty-minute lessons (\$40.00). They are billed directly to your school account. **Please note: It is understood that, by submitting this form and having lessons arranged, both students and parents are making a commitment to continue these lessons for the full term and/or the balance of the academic year. If lessons are discontinued by the parent[s] or student after the commencement of a term, charges will continue to the end of the term.** Care should be exercised before registration to ensure that students who register for lessons understand that, once a lesson time has been determined, failure to attend at the agreed time and without prior notice (see below) will result in a charge to your school account.

Students are responsible for pre-arranging alternate lesson times directly with their teachers in the cases of academic or athletic conflicts. While private music instructors will attempt to re-arrange their schedules to accommodate these conflicts wherever possible, unless they are given at least twenty-four hours advance notice in writing (please copy email notification to the Director of Music), your account will be billed for the lesson.

*Please complete and return this form to the Director of Music, Mr. Ken Hutton by Friday, September 14, 2012. [ken\_hutton@ridleycollege.com]*
